

## Environmental, Occupational Health & Safety Policy

MacBertan Ltd., being the pioneer in Polyethylene foam & air bubble sheet manufacturing company in Sri Lanka, is committed to maintain it's environmental, occupational, health & safety management responsibility as an integral part of it's business.

We shall comply with applicable environmental, occupational, and health legislations voluntarily.

By implementing ISO 14001:2004 EMS & OHSAS 18001:2007 MacBertan Ltd., is committed to;

- Make employees aware of applicable laws, regulations, and procedures and also minimize Occupational & Health related risks and protect employees.
- Develop products that will have **minimal effect** on the environment.
- Long-term sustainability through **continual improvement**.
- Review environmental objectives and targets annually and **communicate** same to employees and customers and other **stakeholders**.
- Minimize waste by recycling and other environmentally friendly methods, thus reducing the use of natural resources.
